

Selected significant publications of Irvin M. Borish:

Borish I.M. *Outline of Optometry*. Chicago: LeGros & Co., 1938.

Borish I.M. *Clinical Refraction*. Chicago: Professional Press, 1949; 2nd Edition, 1954; 3rd edition, 1970; 3rd edition in 2 volumes, 1975.

Borish I.M. Comments on a “delayed subjective” test. *Am J Optom Arch Am Acad Optom* 1945; 22:433-436.

Borish I.M. Comments on the large undergraduate enrollment in certain optometric colleges. *Am J Optom Arch Am Acad Optom* 1946;23:530-538.

Borish I.M. Prismatic prescriptions – a clinical report on 147 cases. *Am J Optom Arch Am Acad Optom* 1948; 25:579-592.

Borish I.M. Comments about subjective refraction and the importance of reliable communication. *J Am Optom Assoc* 1960; 31:457-462.

Borish I.M. Historical development of refractive techniques. *J Am Optom Assoc* 1967;38:941-945.

Borish I.M. Indiana University – Division of Optometry. *J Am Optom Assoc* 1968; 39:270-276.

Borish I.M. Ballasted cylinder lenses. *J Am Optom Assoc* 1971; 42:243.

Borish I.M. Optometric education. *J Am Optom Assoc* 1975; 46:540-543.

Borish I.M. Ballasted cylindrical lenses. *J Am Optom Assoc* 1976;47:318.

Borish I.M. The Borish nearpoint chart. *J Am Optom Assoc* 1978;49:41-44.

Brooks C.W., Borish I.M. *System for Ophthalmic Dispensing*. Chicago: Professional Press, 1979; 2nd edition, Boston: Butterworth Heinemann, 1966.

Borish I.M., Hitzeman SA, Brookman KE. Double masked study of progressive addition lenses. *J Am Optom Assoc* 1980; 51:933-943.

Borish I.M., Soni S. Bifocal contact lenses. *J Am Optom Assoc* 1982; 53:219-229.

Borish I.M. The Academy and professionalism. *Am J Optom Physiol Opt*

1983; 60:18-23.

Borish I.M., Hitzeman S.A. Comparison of the acceptance of progressive addition multifocals with blended bifocals. *J Am Optom Assoc* 1983; 54:415-422.

Borish I.M. Aphakia: perceptual and refractive problems of spectacle correction. *J Am Optom Assoc* 1983; 54:701-711.

Borish IM, Perrigin D. Relative movement of lower lid and line of sight from distant to near fixation. *Am J Optom Physiol Opt* 1987; 64:881-887.

Borish IM. Pupil dependency of bifocal contact lenses. *Am J Optom Physiol Opt* 1988; 65:417-423.

Benjamin WJ, Borish IM. Physiology of aging and its influence on the contact lens prescription. *J Am Optom Assoc* 1991; 62:743-753.

Borish IM. Don't leave a vacuum. *Optom Economics* 1991; 62:718-721.

Borish IM. Teaching the traditional optometry with the new optometry. *Optom Vis Sci* 1993; 70:637-639.

Young J.M., Borish I.M. Adaptability of a broad spectrum of randomly selected patients to a variable design progressive lens: report of a nationwide clinical trial. *J Am Optom Assoc* 1994; 65:445-450.

Borish I.M., Catania LJ. Traditional versus computer-assisted refraction: "Which is better?" *J Am Optom Assoc* 1997; 68:749-756. (erratum in *J Am Optom Assoc* 1998; 69:484)

Borish IM. Optometry: Its heritage and its future. *Indiana J Optom* 2001; 4:23-31.
